

Retraction Statement

We, the Editors and Publisher of the journal Nature Environment and Pollution Technology, have retracted the following article which was part of Volume 21, Issue 1, Year 2022.

Chaturvedi, S.K. 2022. Mathematical Study of Glacier Dynamics Using Spaceborne Synthetic Aperture RADAR (SAR) Dataset. Nature Environment and Pollution Technology, 21(1).

The journal had followed all the procedures of obtaining the conflict of interest from the authors before the acceptance of the paper. However, after the publication of the article, a conflict of interest was raised by the fellow associates of the author, and the author has requested to retract the paper.
